Hash Cash – TA produced a summary of recent transactions: we currently have P42000 in the bank plus P17366.50 cash in hand making total funds of P59366.50.

Hasherdabber – TA passed round a leaflet from a local shirt manufacturer we are now using. We have 30 hare shirts on order. FT asked that the next shirt we purchase be sleeveless and made of cotton as this is the best format for running in.

Christmas Bash – planning to visit Elsalvador again in the near future to progress the plan.

Business cards – been tried before but generally felt to be a good idea. To be progressed by BD following MTM's idea.

Sherpa suggested we should put a limit on the length of runs.
